

ENERGY, ECONOMY, CLIMATE & YOU!

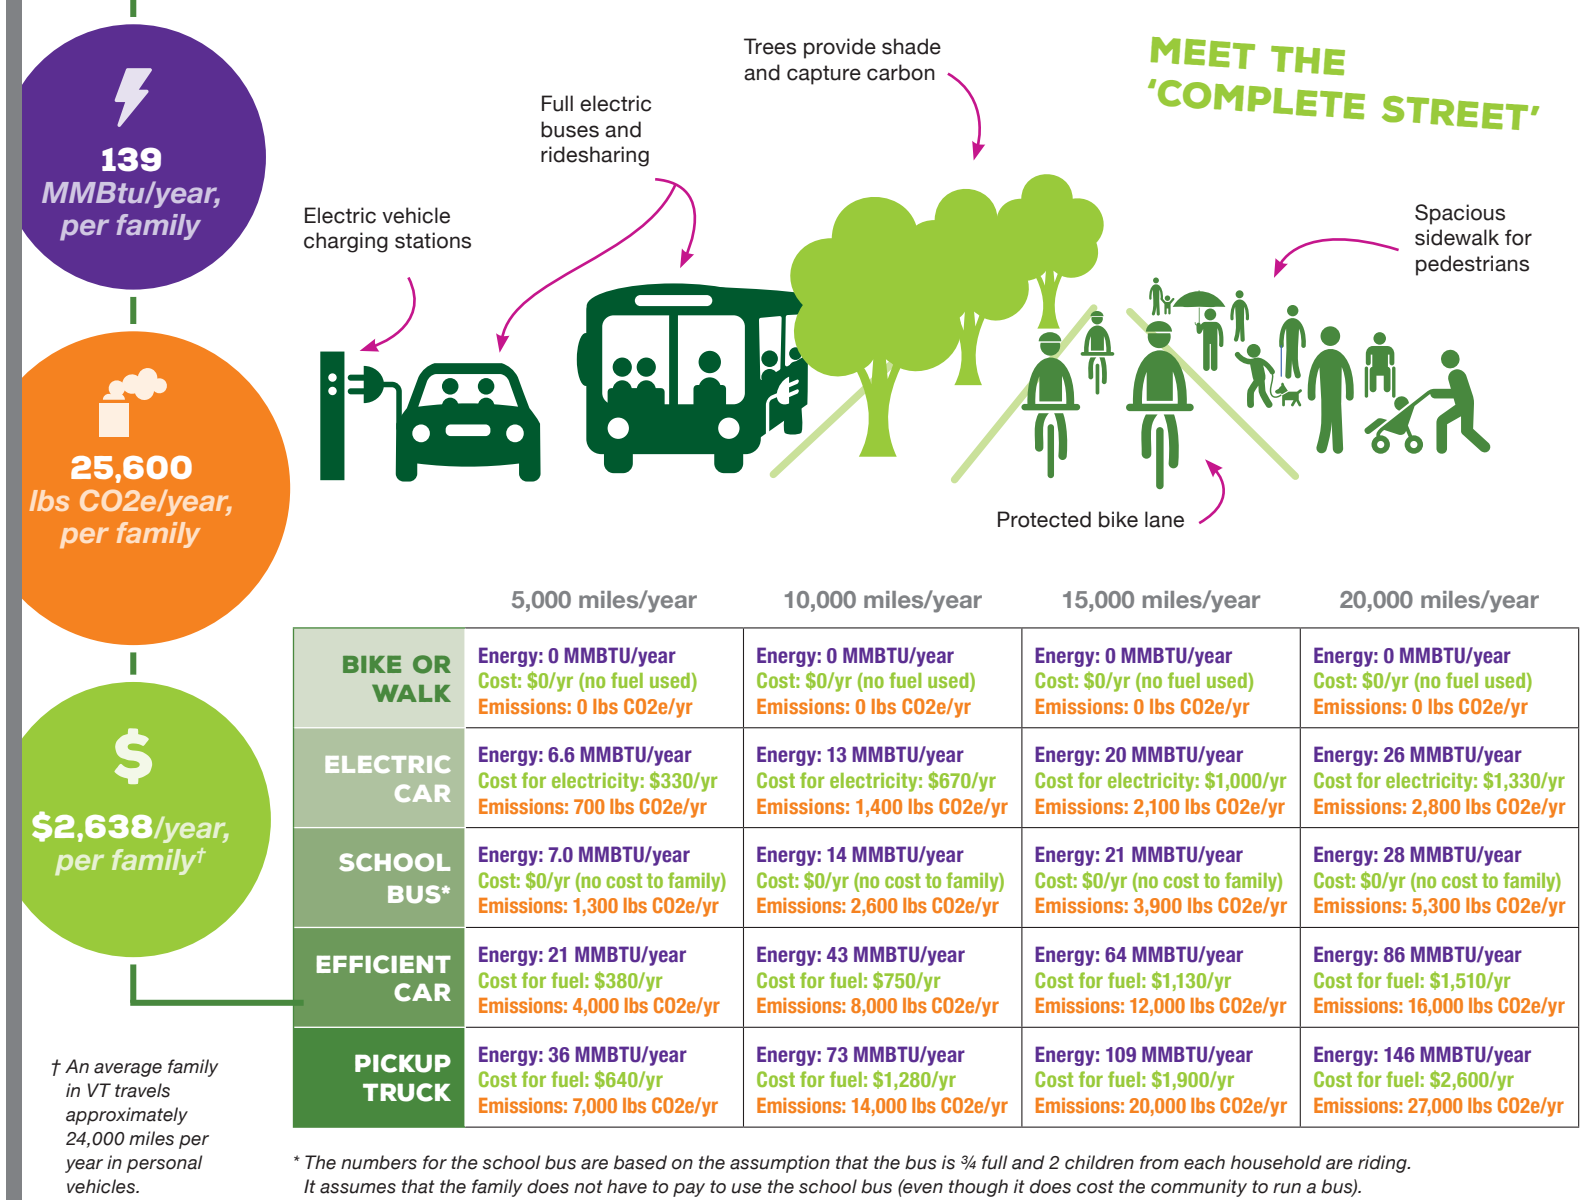

Investigate your energy use, then pledge to make a difference.

VERMONT'S TOTAL ENERGY

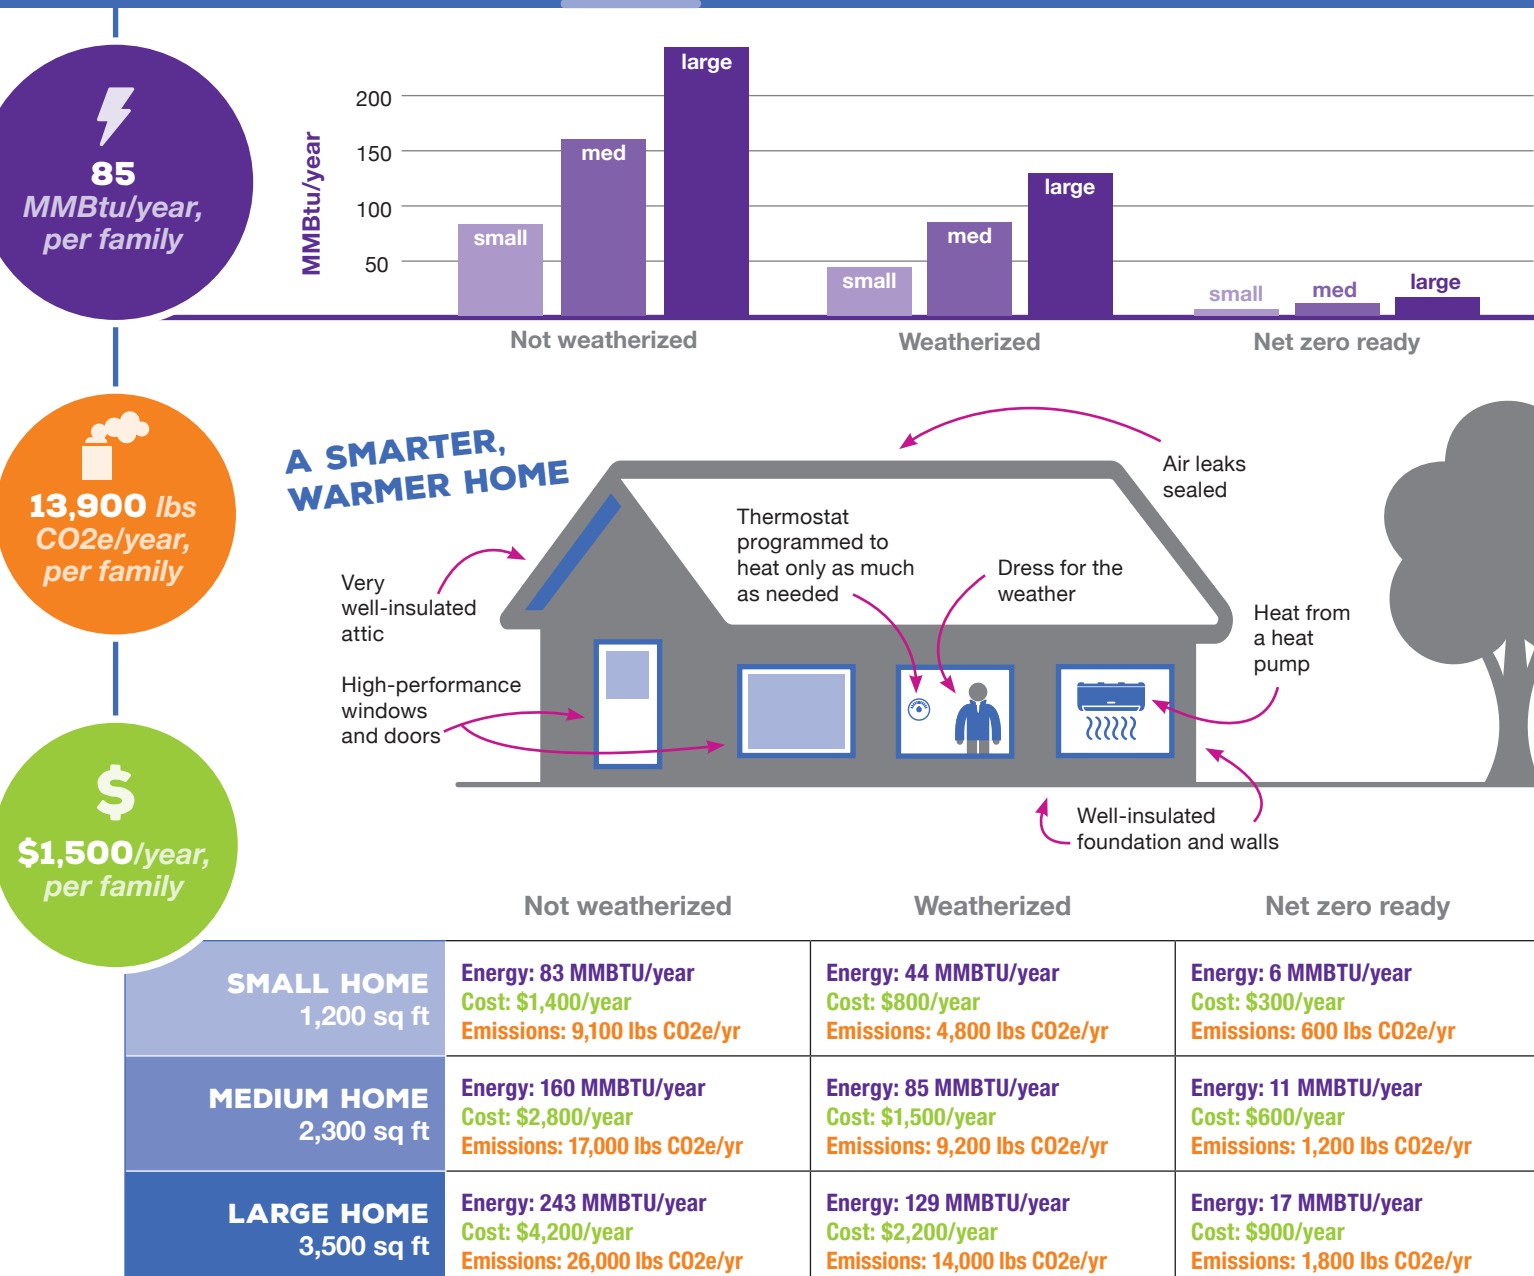

TRANSPORTATION

Is your family traveling differently during COVID? How much do you spend on transportation? What can we learn from that for the future?

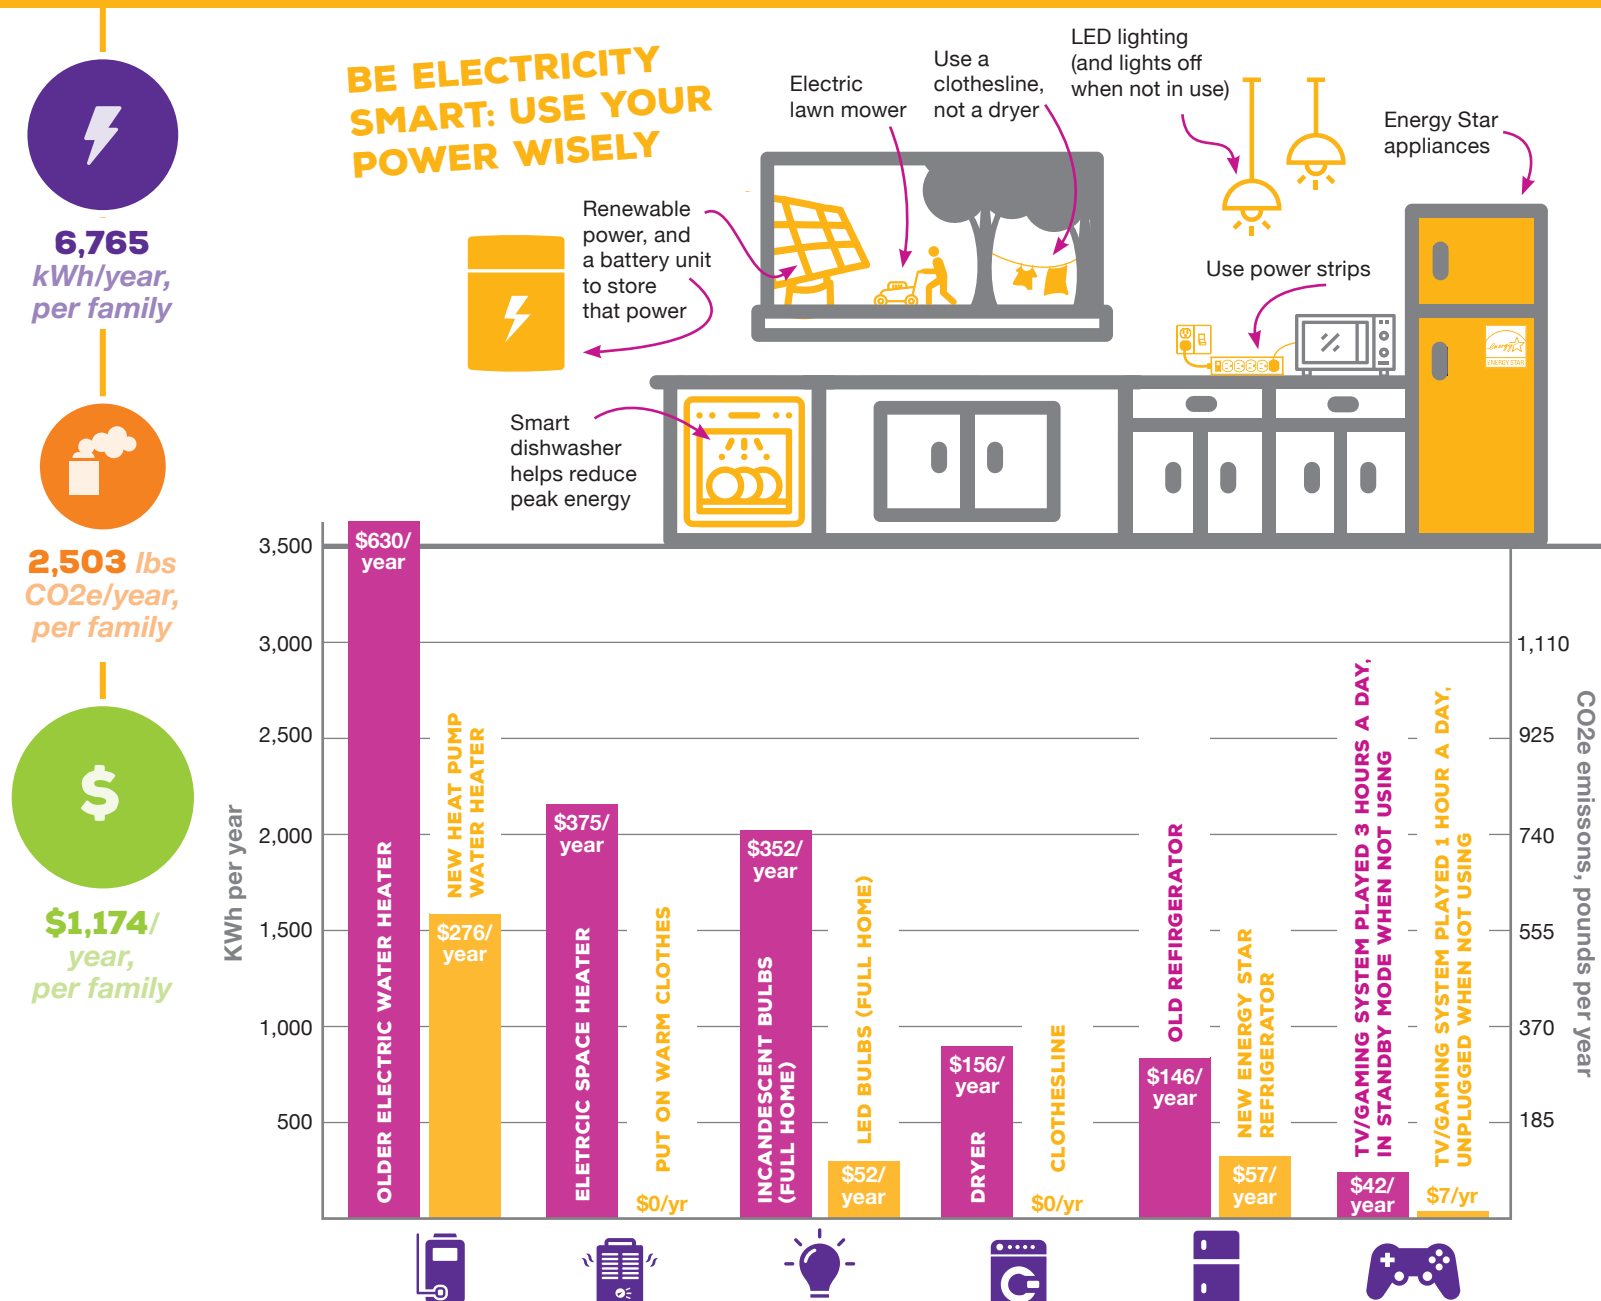

THERMAL

What fuels do you use for heating and cooling? How much do you spend on heating and cooling? What can you do about it?

ELECTRICITY

What do you use electricity for? How much do you spend on electricity? Where can you reduce use?

OUR MISSION is to build a deep understanding of energy through education, encouraging choices that result in sustainability in our communities, economy and environment.
